

eLines™ = Express UHP Welding

From emergency welds to 2000 welds per week... use SDC eLines™

Dear CVD,

SDC, a division of [CVD Equipment Corporation](http://www.cvd.com), introduces "eLines™", its new Express Ultra High Purity (UHP) Manifold Welding Service for gas lines. Send us a sketch and we will forward a quotation in a matter of hours. Overnight or ground shipping options are available. Whatever your UHP welding requirements are, SDC is equipped to rapidly manufacture your gas lines.

[Click here to submit your drawing for a fast "eLines™" quotation](#)

Our pricing and fast delivery will surprise you!

Give us an order and SDC will begin to fabricate your lines right away!

DO YOU NEED IT IMMEDIATELY?

We have a group of skilled personnel ready and waiting. With a complete stock of UHP compliant fittings, we guarantee immediate turnaround. Same day service is also available for pick up or delivery.

SDC has been a solution provider for UHP welding needs: from one of a kind, to OEM quantities since 1984. We also manufacture sub-assemblies, gas panels, gas cabinets, liquid distribution systems, bubblers, etc.

Our Office hours are Monday through Friday from 8:30 a.m. to 5:30 p.m. EST.
For your convenience, we accept Mastercard, Visa and American Express.

Sincerely,
Your Team at SDC
